

GDPR Privacy Notice — ClassicTarot.ai

Last updated: 21 September 2025

Controller: Pablo Fernandez (ClassicTarot.ai)

Email: info@classictarot.ai

Address: Södra Ligården 12, 425 30, Hisings Kärra, Gothenburg, Sweden

No account required

ClassicTarot.ai does **not** require user accounts or logins. We do **not** maintain persistent account profiles.

We do not store your readings

Reading content is generated and shown to you, then **not stored** by ClassicTarot.ai. Closing your browser ends the session and the reading is **not retained** by us. If you request delivery by email, the reading appears in **your** mailbox; we do not keep a copy beyond what's technically needed to send it.

Delivery & email notice

- **Email and name are required** to request a reading.
- We cannot guarantee email receipt. Mailbox providers and spam filters may block or divert messages.
- **Guaranteed delivery** is the **on-screen display** in your web browser at purchase/session time.
- You are responsible for **entering a correct email address** and **checking inbox and spam/junk folders**.

What we process & why

- **Name and email:** to deliver your reading (if requested by email), send receipts, and provide support — **Contract** (Art. 6(1)(b)).
- **Our own updates & reminders (optional):** emails about **new features** and **reading reminders** (no third-party promotions):
 - **Option A — Explicit consent:** only if you **opt in** — **Consent** (Art. 6(1)(a)); withdraw any time via unsubscribe or email.
 - **Option B — Existing-customer soft opt-in:** if you've purchased/used our service, we may email you about **our own similar services/features** (including feature updates and reading reminders) — **Legitimate interests** (Art. 6(1)(f)). You can **opt out at collection and in every email**.

Resending & refunds

Because readings are **ephemeral** and **not stored**, we cannot reproduce or resend a reading after delivery or after your browser session ends. For the same reason, **refunds are not available once the reading has been delivered**.

EU/UK note: At checkout we ask you to confirm immediate performance and acknowledge that you **lose the 14-day right of withdrawal once delivery starts** (digital content rule).

Collection-point wording (choose one)

A — Consent checkbox (opt-in):

☐ Yes, email me ClassicTarot.ai **feature updates** and **reading reminders**. I can unsubscribe at any time.

B — Soft opt-in (with immediate opt-out):

*We'll use your email to deliver your reading and support. We may also email you about **our own** similar services/features (including feature updates and reading reminders). You can opt out now and in any email thereafter.*

☐ I do **not** want to receive these emails.

Recipients (processors)

Hosting, email delivery, analytics, and payment providers act under our instructions and data-processing agreements. We do **not** sell your data or allow others to use it for their marketing.

International transfers

If data leaves your region (e.g., EEA/UK), we use lawful safeguards such as Standard Contractual Clauses or adequacy decisions.

Retention

- **Reading content: not collected and not stored** by us.
- **Contact details:** retained while we provide your reading/support and until you unsubscribe or request deletion.
- **Payment/transaction records: 7 years** for legal/accounting.

Your rights

You have rights to **access, rectify, erase, restrict**, and **port** your data, and to **object** to certain processing (including marketing at any time). Contact **info@classictarot.ai**. You can also complain to your local authority (e.g., **IMY** in Sweden).

Source & necessity

Data comes directly from you when you submit a reading request or contact us. Providing name and email is necessary to deliver your reading and support; without it, we cannot provide the service.

Automated decision-making

We do **not** make automated decisions with legal or similarly significant effects.
